Dear Sherri,

Just a short but very appreciative note of thanks for the wonderful job you and your staff have done for us this year to effectively reduce our goose problem to zero. I have heard nothing but praise from our team members, numerous customers and suppliers about the dramatic improvement to our property as a result of the absence, of what was in past years a very troublesome goose population.

Your staff and team of dogs delivered as promised, conducting themselves professionally and reliably on a day to day basis ensuring that our pesky guests were dealt with quickly and ethically.

I would not hesitate for moment to recommend your services to anyone seeking a sure-fire method for dealing with a serious goose problem. Wishing you much future success.

Regards,
